That was the most wonderful week in our lives. The people there were very kind, polite and hospitable. The project helps us to exchange experience and to achieve a new modern way to study. We succeed to know different style of life from ours. It was interesting to know other culture and other people. Also we had the opportunity to practice the English language and tried to learn the Turkish language. We learnt that the Turks appreciate their culture, language and country. We love you all and we miss you too.

**We are looking forward to see you in
Bulgaria.**
